Prologue

Faculty of agricultural universities play a crucial role in creating effective teaching and learning environment which serves the interest of the student community and to prepare them for new challenges in the field of agriculture. For this, the faculty is expected to have thorough understanding of teaching-learning principles and skills to identify and use appropriate techniques and methods in teaching. The faculty members of agricultural universities also play a significant role in research and extension activities of the University. Hence, the faculty members of agricultural universities must possess basic knowledge and skills in the sphere of teaching, research and extension to excel in their profession.

The newly recruited faculty members in agricultural universities need a formal orientation on the national and international agricultural scenario, research system management, extension management and advances in teaching methodologies. Inculcating the right attitude towards their profession and imparting requisite human resource management skills among them shall enable them to approach the multi-tasking responsibility with ease and professionalism. With this background, the present course is designed and offered with following objectives.

Objectives

1. To orient the participants to the national and international agricultural scenario.
2. To enhance knowledge, skills and attitude (KSA) of the participants in various aspects of education, teaching-learning process and technology in education.
3. To expose the participants to research and technology transfer processes.
4. To sensitize the participants to organizational capacity related to human capital, administrative and financial management.

Content

The Foundation course is fully residential and is a blend of theory and practical sessions consisting of five broad areas as given below:

1. National Agricultural Research & Education System
2. Educational Methodology & Management
3. Human Resource Management
4. Research and Project Management
5. Extension and Communication Management

Andragogy

It consists of a blend of lectures, demos, interactive discussions in a participatory mode, and extensive hands-on experiences. Daily Yoga classes are also integral part of the course.

Eligibility

Faculty members working in Agricultural Universities in the cadre of Assistant Professors or equivalent from Agricultural Universities (Agriculture/Veterinary/Animal Science/Dairy/ Fisheries/ Horticulture / Forest Science) recruited in the last 5 years, are eligible.

Duration and Venue

The duration is 21 days i.e., 3-23 September, 2024. The participants are expected to arrive latest by 2nd September 2024 evening, and can leave NAARM on 23rd September 2024 after 1700 hrs.

Programme Fee

The programme is fully residential and participants are required to stay in the furnished accommodation on campus. The programme fee payable by the sponsoring institution is Rs 15,000 + 18% GST (Total Rs. 17,700). The fee covers course fee and cost of training material only. The expenses towards boarding and lodging, TA and DA will have to be borne by the participants / their parent institute. Participants are requested not to bring any family members with them.
